Petition of NSTAR Electric       )  
for Approval of a New Renewable)  
Power Supply Offering           )  
\_\_\_\_\_)

D.T.E. 03-100

**Amended Petition of  
Green Mountain Energy Company  
for Leave to Participate**

Pursuant to 220 CMR § 1.03, Green Mountain Energy Company (“Green Mountain”) hereby amends its previously filed Petition to Intervene and petitions the Department of Telecommunications and Energy (the “Department”) for leave to participate.

In support of this petition, Green Mountain states as follows:

1. Green Mountain is a competitive retail electric supplier, serving more than 600,000 customers in seven states. Green Mountain sells cleaner electricity generated from sources such as wind, solar, water, geothermal, biomass and natural gas to residential, business, institutional and governmental customers.
2. This proceeding concerns the petition of NSTAR Electric for approval of a new renewable energy product offering for residential, small commercial, and small industrial customers.
3. Green Mountain will be substantially and specifically affected by this proceeding. NSTAR Electric’s proposed product will affect the development

of the market for clean electricity products in Massachusetts, and will affect the ability of suppliers such as Green Mountain to compete in that market.

4. Green Mountain seeks to participate in this proceeding, and where appropriate, to submit oral comments, written comments, and briefs, and to receive copies of all filings.

WHEREFORE, Green Mountain respectfully requests that the Department grant its Petition to for Leave to Participate.

Respectfully submitted,  
GREEN MOUNTAIN ENERGY COMPANY
